Women's Dresses

Styles for Your Choice. \$16.50 \$9.75 Distinctive and Handsome New to \$30 Values, Friday at

Practically every new and fashionable style, material and color for the Summer of 1911 is represented. The very choicest models that smart dressers-women of discrimination—would be most likely to choose. In this limited space we can show pictures of only three of the styles, and they were selected at random.

The materials represented include shower-proof foulards, pongees, messalines, taffetas, satins, crepe meteors, voiles and challis.

You will find that these dresses measure in every respect up to the standard of the best shown in New York today at our valuation prices. The selling figure barely covers the cost of the material alone.

Misses' Dresses

Wonderfully Chic, New Styles for Your Choice. Values \$16.50 to \$9.75 \$30; Friday, at.

FRESH, CRISP, CHARMING AND CHIC DRESSES FOR MISSES AND SMALL WOMEN, which are POSI-TIVE MARVELS OF TASTE in their making, trimming and general all-round excellence.

Another point: we have twelve or fifteen dresses of each style IN A FULL RANGE OF COLORS AND SIZES we HAVEN'T hundreds of each. This alone is an argument to gladden the heart of any miss or woman of discrimination.

As to materials: there are twill foulards, bordered foulards, satin messalines, taffetas and pongees. The waists are lined with lawn, which adds so much to the durability of the dress. The color-combinations are very cleverly executed, and the trimmings, such as lace vokes, are of the best filet and Lappa Val.

Everything for the Home

Friday We Begin a Sale In Which We Shall Distribute

\$25,000 Worth of Lamps and Lighting Fixtures for \$15,000

This most important occasion includes portables with shades made of hundreds of pieces of vari-colored crystals.

It would seem like exaggeration if we were to describe the radiant attractions in portable lights and ceiling pendant domes, whose scintillating waves of soft and brilliant colorings will delight your eyes and senses. Equally indescribable, here, are the values and striking economies. Only

personal inspection will reveal what broad avenues of opportunity each aisle and corridor of our Lamp Store will be on Friday. Almost at RANDOM we select the electric or gas portable lamp illustrated herewith as a specimen value:

Regularly, \$19.50 Friday \$19.50 \$12.50

Standard is of cast metal in rich relief; embellishment in the rococo style; verd-antique finish.

Shade consists of ONE HUNDRED AND SEVENTY PIECES of agate and jade green art-crystal, encrusted with six large opalescent and six small ruby crystals.

Complete with three 16-candle-power incandescent bulbs or with gas burner, mantle, tubing, etc.

Electric Lamps—leaded and cast.	Ceiling Domes—gas and electric.
